

# **LANCE ROBINSON BIRDING BASICS [COURSE]**

**BirdLife Northern Gauteng is excited to be hosting well-known bird expert and guide Lance Robinson, for two ZOOM meetings and a practical outing (see details)!**

# **BIRDING BASICS**

Birding Basics by Lance Robinson & Organised and presented by BLNG

## **COURSE SUMMARY**

- an ice-breaker session to establish common ground
- naming parts of a bird and looking at patterns, tail and feet design etc.
- going through the process of identifying any bird (7 key steps)
- looking at habitats as a process to eliminate similar-looking species
- looking at the tools of the trade (binoculars, field guides, and touching on birding apps available)
- Classification of birds and how this will help one navigate their chosen field guide
- a session looking at common species utilising the 7 steps

If you are keen on learning more about birds and birding and have always wanted to develop one of the correct habits of looking at a bird, or need a refresher, then this Birding Basics Course is just what you have been looking for.
